DETAILED ACTION

1. This action is responsive to amendment filed 11/23/04.
2. Claims 44-53 are pending in the application.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

Claim 44, the prior art does not teach forming a first control points set on the face of the probe for tracking 3D data volume, the first set defining a first spline curve; moving the face and the probe to a second position within 3D volume; forming a second set, the second set defining a second spline curve; interpolating the first spline and the second spline curve to define a 3D surface; forming a plurality of v-curves which interconnect between control points at the first position of the probe and the second position of the probe.

Claim 49, the prior art does not teach forming a first control points set of plane positions such that each set defining a related spline curve; interpolating the spline curves to form a surface 3d data volume; and forming a plurality of v-curves which interconnect between control points at the plane positions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
